

Camp Christopher Online Registration for Campers with Special Needs

Use a desktop or laptop computer as a mobile device is not as effective for online registration. Camp Brain works better with a Chrome or Fire Fox/Mozilla browser. The program will time out after being idle for 20 minutes or more therefore, save your information if you walk away.

Returning Campers - DO NOT start a new account as the camper's health record, nurse's notes will not transfer. Enter the E-mail address and Password in the Sign-in screen as shown below. If the email address is not working, please contact the office. If the Password is not working click Password reset and a link will be sent to the email address that is on file.

New Campers - You will use the New user sign-up as shown below. You must have an email address in order to register your camper. If you do not have one there are a variety of email carriers that you can sign up for a free account such as Yahoo, Gmail, Outlook, AOL, etc.

The image shows two side-by-side registration forms. The left form is titled 'Returning Campers' and has a 'Sign-in' header. It contains two input fields: 'E-mail' and 'Password', followed by a blue 'Login' button and a 'Password reset' link. The right form is titled 'New Campers' and has a 'New user sign-up' header. It contains four input fields: 'First Name', 'Last Name', 'E-mail', and 'Password', followed by a blue 'Create account' button and a link to 'Terms and Privacy Policy'. Two red arrows point to the 'E-mail' input fields in both forms.

Before you begin please gather the following information:
