Camp Happiness serves children and young adults with diverse abilities, regardless of race, religion, culture or economic background. Campers are individually assessed to determine appropriateness.

Campers must have self-care skills and the ability to participate and interact with others, make wants and needs known and move with minimum assistance. We are unable to accommodate children with destructive or aggressive behaviors. Our staff to camper ratio ranges from 1:2 to 1:4.

Our camp sites offer kids and teens social and recreational programming, as well as skill enhancement in a fun day camp setting. Activities include swimming, weekly field trips, arts & crafts, cooking, music, and adaptive exercise.

Camp Happiness is Waiver Approved! If your child is on a Waiver (Level One, IO or SELF), those funds should be used for camp before requesting additional assistance. Other options for financial assistance may include: Cuyahoga County DD Family Support Program; NEON; and Catholic Charities.
